## Experience

### UX/UI Designer V.Group

- Sole in-house designer supporting multiple products and internal teams.
- Deliver wireframes, UX research, and high-fidelity designs across web and app platforms.
- Collaborate with engineers and external design teams (UK & India).
- Present weekly design updates and recommendations to senior leadership (CIO).
- Experiment with AI-assisted design workflows to improve speed and ideation quality.

Glasgow (hybrid)  
January 2025 - Present

### UI/UX Designer Imosphere

- Led projects from concept to final mock-ups across multiple product portfolios.
- Redesigned and modernised the company website; created and maintained UI asset libraries.
- Worked closely with sales, marketing, and development to support product growth.
- Designed marketing materials to support investment rounds and customer acquisition.
- Supported front-end implementation and fixes (HTML, CSS/Sass, Jekyll, TypeScript, KnockoutJS).

Nottingham (remote)  
April 2022 - July 2023

### Studio Assistant Mackinnon Watches

- Supported production of custom watch straps and engraving.
- Managed orders end-to-end using internal tracking spreadsheets.
- Trained new staff on workflows and quality standards.

Livingston (onsite)  
July 2024 - December 2024

### Freelance design Projects

#### Imosphere Nov 2024 - June 2025

##### Product & Website Design

- Led rebrand and website redesign to modernise visual identity and improve perception.
- Delivered Figma files, UI systems, and brand guidelines.

#### VeganWheels Nov 2024 (ongoing improvements)

##### UI & UX Design

- Leading UX research and design for a new delivery app.
- Improving website usability and visual consistency.

#### Torrance Tennis Club March 2024 - August 2024

##### Branding & Website Design

- Designed logo and brand assets.
- Built and launched website using WordPress.

### UX UI design Enular

- Designed initial brand identity and website for an algorithmic trading start-up.
- Produced early-stage product mock-ups and supported business plan visuals.
- Collaborated directly with founders during company formation.

Glasgow  
July 2021 - January 2023

## Education

### Diploma in UI Immersion (Front-end Specialization)

Career Foundry

2021 - 2022

### BA (Hons) Fashion Design

Heriot-Watt University

2015 - 2019

## Extra

### Adobe Creative Jam

(UX Competitions)

2021

- Designed and prototyped mobile apps for children under week-long deadlines.
- Won 1 year of Adobe Creative Cloud.

### Leung Design

May 2020-present

- Started Etsy selling line illustrations with a lot of competition on the site, I grew my store to over 80 sales within the first 6 months.
- Designed wedding stationery & invites.
